Selected Projects

Company: Sinergia Media
Role: Manager / Lead

Client	:	**MYGATE**
Project	:	MYGATE (UI in Dashboard and Mobile App).
Role	:	Team Manager & Team Lead Front End Team
Technologies	:	HTML, CSS, Javascript.
Duration	:	4 months.
Team Size	:	8

Description : MyGate is building technology to simplify check-ins everywhere. An app that simplifies life for everyone in a gated community, from residents and management committee members to security guards and facility managers. Packed with features, it reduces many hassles—authorising entry of delivery executives, paying maintenance bills, raising a ticket to the facility manager—to a single click. Our flagship solution, launched in 2016, currently facilitates over 2 million check-in requests every day at thousands of gated premises across the 20+ cities in which we operate, and continues to show rapid growth. We've strengthened our commitment to information privacy by following GDPR guidelines, the global gold standard for data privacy.orgs..
